City of New Castle Business Owner,

We wanted to remind you that the 10th Legislative District is OPEN FOR BUSINESS!

Recently, New Castle City Council unanimously passed a “tax” for storm water management on city businesses that could cost you \$15,000/year. In addition to refusing to place an added wage tax on employees, Beaver Falls, Ellwood City, New Brighton, and Slippery Rock have significantly lower property taxes than what your business pays today. We know that keeping property taxes low and creating an environment where you can work effectively is critical to the success of the free-market system.

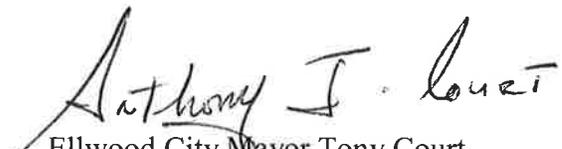

Beaver Falls, Ellwood City, New Brighton, and Slippery Rock have recently experienced significant growth. Our downtown locations are clean and vibrant while residents of our surrounding municipalities frequently visit to shop at our establishments. We know that this only happens because business owners, like you, risk their hard-earned capital to serve customers. Our job as municipal government leaders is to partner with businesses to ensure they have the necessary tools to flourish.

We are eager to hear from you about how we can work together collaboratively to best serve you and your employees. We are confident that a move to our area will be positive for your business and our constituents.

State Representative Aaron Bernstine

Beaver Falls Mayor George Quay

New Brighton Mayor Tom Albanese

Ellwood City Mayor Tony Court

Slippery Rock Mayor J.D. Longo
